

McQuadeBrennan, LLP has provided audit, accounting, tax, and management advisory services to investors and entrepreneurs in the real estate industry for over twenty-five years. McQuadeBrennan's innovative solutions are designed to address the special financing, accounting, and tax issues unique to the real estate industry. Whether your company is a residential homebuilder, a commercial developer or a land developer, our team is prepared to provide solutions to your particular accounting needs.

Our professionals continually monitor the regulatory environment of the real estate and construction industry, and advise clients on how new accounting and tax regulations impact their business.
